

Communication Skills Training

Duration: 1 Day

Mode: Online / Classroom / On-Site

Certification: QLSS Certificate of Completion

Course Introduction

Effective communication is the cornerstone of collaboration, productivity, and leadership in any organization. This training focuses on strengthening verbal, non-verbal, written, and listening skills for professionals across all roles. It is designed to improve interpersonal communication, team dynamics, and customer interactions.

Participants will engage in interactive sessions that cover barriers to communication, techniques to improve clarity, confidence, empathy, and assertiveness, and how to adapt communication styles based on audience and context.

Pre-requisites

- Open to all roles and levels
- No prior training required
- Suitable for team members, supervisors, and customer-facing staff

Learning Objectives

- Understand the fundamentals and types of communication
- Identify and overcome communication barriers
